See Yourself in the Temple

A general conference talk by Elder Quentin L. Cook of the Quorum of the Twelve Apostles
[Talk from the April 2016 General Conference](#)

Preparation

- Print the lesson plan either for younger children or older children
- Choose an activity and print one for each child. (See activity ideas below)
- Ask parents or grandparents about their experiences going to the temple for the first time. Did they have to travel far?
- Optional: find a story of an ancestor who had went to the temple to share; or find an ancestor who was a convert and take note of their birth and death years. Look up the years on the temple chart to see how many temples there were during this person's life.
- Optional: create a mirror for the children to look in with a temple outline drawn on or with a vinyl sticker.

Song: I Love To See the Temple (Primary Children's Songbook p. 95) or Families Can Be Together Forever (Hymn # 300), High On a Mountain Top - verse 4 (Hymn # 5)

Scripture: Doctrine and Covenants 97:15

Lesson: (see below)

Activities:

- [Baptism for the Dead Coloring page](#)
- [12 Years Old Temple Coloring Page](#)
- "I see myself in the temple" craft – glue a picture of yourself onto construction paper. Cut, paste, then fold the temple printable so that it opens to show your picture inside.
- Make "See Yourself in the Temple" mirrors: draw a temple outline on a hand mirror with a dry erase marker and let each child look in the mirror to see themselves in the temple. You can order [vinyl stickers for creating your own "See Yourself in the Temple" here](#)
- [Find family names for the temple using this guide.](#)

Lesson - young children

Elder Cook said, “When President Monson was called as an Apostle in 1963, there were 12 operating temples in the world. With the dedication of the Provo City Center Temple, there are now 150.”

How many temples were there when you were born? Use the chart to find your birth year and see how many temples there were. If many temples were dedicated that year, use the temple dedication dates to find out how many temples there were on your exact birthday.

Now Heavenly Father has blessed us with even more temples than when you were born!

What are temples for? (Helping families be together forever.)

Have you seen the baptismal font inside the temple baptistry? Show the picture of the baptistry from the Gospel Art Book ([GAB 121](#))

This is not where you get baptized at age 8 – that takes place in a stake center or church building with a baptismal font. If someone is not baptized when they are 8, and they die without ever getting baptized, they can still live with Heavenly Father again if someone does their baptism by proxy in the temple, in this baptismal font.

Do you know how old you have to be to be baptized for someone else in the temple? (age 12)

You can do baptisms for the dead when you are 12 years old. This is a very special service that you can do for people who have died because they can't do it for themselves. Many people in the spirit world are waiting for us to help them.

Heavenly Father loves all his children, even those who are not baptized. In the spirit world, missionaries teach people who have died. Then they can choose to accept or reject the baptism that is done for them in the temple.

Share an experience about the first time you went to the temple to do baptisms for the dead. Tell if you had to travel far away or if you lived close to a temple. Consider telling about a grandparent or ancestor who had to travel far to visit a temple.

Elder Cook said, “For the dead, all the saving ordinances and covenants are received in the temple. Brigham Young taught, “There is not one thing that the Lord could do for the salvation of the human family that he has neglected to do.”

If we learn about the names and birth dates of our family members who died a long time ago, we can go to the temple and be baptized for people who are actually part of our family!

Elder Cook taught us at conference that we should prepare to go to the temple now by making good choices.

What are some good choices that we can make right now?

Lesson - older children

Elder Cook said, “When President Monson was called as an Apostle in 1963, there were 12 operating temples in the world. With the dedication of the Provo City Center Temple, there are now 150, and there will be 177 when all announced temples are dedicated. This is cause for us to humbly rejoice.”

How many temples were there when you were born? Use the chart above to find your birth year and see how many temples there were.

How many temples were there when Mom and Dad or Grandpa and Grandma were born?

Share a story about going to the temple for the first time, or another special temple experience. Possibly share about grandparents’ or ancestors’ experiences going to the temple. Did they have to travel far?

Choose an ancestor who was a convert and find out how many temples there were when they joined the church and how many when they died.

Why do you think there are so many temples now?

Elder Cook said, “The Lord has prospered our people and provided the **resources** and **prophetic guidance** so we can be valiant in attending to our temple responsibilities for both the living and the dead. The combination of increased numbers of temples and advanced technology to fulfill our sacred family history responsibilities for our ancestors makes this the most blessed time in all history.

What prophetic guidance has the Lord given us about temple and family history work?

- **It’s our greatest responsibility.** “The greatest responsibility in this world that God has laid upon us is to seek after our dead.” - [Joseph Smith](#)
- **Family History and Temple work are part of the work of salvation.** “Preaching the gospel and seeking after our dead are complementary parts of one great work—a labor of love intended to change, turn, and purify the hearts of honest seekers of truth. ... This is one great work of salvation.” - David A. Bednar ([Missionary, Family History, and Temple Work](#))
- **Doing temple work for our own ancestors brings blessings.** “If the youth in each ward will not only go to the temple and do baptisms for their dead but also work with their families and other ward members to provide the family names for the ordinance work they perform, both they and the Church will be greatly blessed.” - Quentin L. Cook ([Roots and Branches](#))

What resources has the Lord provided for us to do temple and family history work?

- Temples closer to us
- Highways, roads, cars, and other transportation to get to the temple
- Computers and internet
- Microfilm scanning technology to put family history records online
- Volunteer indexers who help make the family history records searchable online

- The church's family history website, [FamilySearch.org](https://www.familysearch.org), where you can request family names for temple work
- [Free subscriptions for members of the church to "partner" websites](#) – Ancestry.com, MyHeritage.com, FindMyPast.com, American Ancestors.com where you can find more historical records and information about your ancestors

Story

Elder Cook told this story: "Several years ago in a temple in Central America, the wife of one of our now-emeritus General Authorities assisted a father, a mother, and their children in receiving eternal covenants in the sealing room, where the temple mirrors are located. As they concluded and faced those mirrors, she noticed there was a face in the mirror that was not in the room. She inquired of the mother and learned that a daughter had passed away and accordingly was not physically present. The deceased daughter was then included by proxy in the sacred ordinance. Never underestimate the assistance provided in temples from the other side of the veil."

Quote

Elder Cook said, "It is our great desire that members of the Church will live to be worthy of a temple recommend. Please don't see the temple as some distant and perhaps unachievable goal."

"I pray that each of us will honor the Savior and make any necessary changes to see ourselves in His sacred temples."

Discussion

What changes can we make in our family to be more temple worthy?

When can we plan to go to the temple as a family next?

Who can help find family names for the temple?
